

March 18, 2020

Below you will find a clarification of the policy on pass/D/fail-- highlighted in blue.

As a temporary measure, the College will adjust its P/D/F policy as follows: The limit on the number of units that a student may take P/D/F will be raised from 3.00 to 5.00. For courses that count toward the major, up to 1.00 unit may be taken P/D/F during the Spring 2020 semester. Students must opt to do a course P/D/F by April 10, 2020. The Registrar will create an online form that will allow students to request P/D/F in existing courses. Instructors will not be notified of whether a student is enrolled with the P/D/F option. Students will be encouraged to consult their advisors about selecting the P/D/F option, but not required to obtain their permission.

Clarification: This measure is approved for Spring 2020. Any courses (up to 2.0 units of credit) taken on a P/D/F basis during the Spring 2020 semester will not count toward a student's lifetime limit of 3.0.

--

In regard to yearlong courses, the faculty members will vote on how this may apply to yearlong courses at a meeting on Monday.
